2019 Fall Breeding List - Kid Reservations

Our Farm Practices...

20+ years of raising goats! From Angora, Boer, Pygmy, and Dairy! Dairy goats became our focus after starting the first Grade A Raw Milk dairy in Idaho in 2010. We currently raise 7 standard dairy breeds, all registered with ADGA or BGS (Guernseys). Breeding for sound, show quality stock, with long, level lactations and good components. Polled genetics can also be found in several of the breeds. Not on DHI at this time but barn records track each doe's average milk production, and does may be entered in the One Day Milk Test at our State Fair to earn *M awards. Kids are raised on a strict disease prevention program - away from all adults and fed only pasteurized milk/replacer - with adults randomly tested for CAE/CL/Johne's. The herd is raised as natural as possible. We feed minimal grain which is mixed right on the farm using only non-GMO ingredients, and our own custom mineral/vitamin mix for optimal health. Vaccinations are rarely given - antibiotics are rarely needed.

Thanks for your interest in our farm & please contact us with any questions!

Breed Brochures can be found on our website or the links below...

Treasured Sunrise Acres - Goat Kid Reservation Terms

Please read before reserving or requesting kids

- \$50 deposit to reserve a kid (doeling/buckling only). Please contact us before sending a deposit to ensure the kids from of a specific doe are unspoken for. Up to 2 bucks/2 does may be reserved per doe. Deposits are non-refundable, unless your requested kid is not born or has a defect/deformity. By placing a deposit the buyer is agreeing to all terms stated here.
- Deposits may be paid with Paypal (as family/friends only), check, money order, or cash. Please do not mail cash or a money order. We can not be responsible for a deposit that does not reach us. Remaining balance must be paid in cash or via Paypal (immediate deposit only) when kid is picked up.
- Reserved kid(s) must be picked up within 10 days of birth or deposit will be forfeited and kid will be put up for sale or kept. If you need us to hold kid(s) past 10 days, the kid(s) must be paid for in full with a final pick-up date stated, and a \$1/day board per kid will be charged starting at birth (due at pickup). All sales are final. Kids not picked up by date stated will become the property of the seller, and all monies lost.
- All kids are pulled immediately upon birth for disease prevention. Each kid will receive 16oz heat-treated goat colostrum. Pasteurized goat milk, or replacer (kids over 2 weeks), will be fed until picked up.
- Kids may be disbudded if not picked up soon after birth. Let us know if you want horns left on! Tattooing is the responsibility of the buyer. Buyer is welcome to leave kids until disbudded, and bring back for tattooing.
- Health tests (for kids over 6mo. old only), health papers, and shipping arrangements are the responsibility of the buyer, along with all costs involved. We do prefer having kids picked up directly at the farm by the buyer.
- Kids will be sold with a registration application only (all breeds except Guernsey). Registration and all fees is the responsibility of the buyer. Guernsey registrations will be submitted by seller, and all fees paid by seller.
- Kids that develop genetic defects (such as hermaphroditism) will be replaced (kid of same value) when we have another available (original kid must be under 2 years of age). A written statement from the buyer and a licensed vet stating findings is required, and registration papers must be returned.
- Our does are fed a complete mineral mix resulting in stronger, healthier kids. Bo-Se (Selenium) is rarely needed at birth or given. Newborn kids, and their dams, are not vaccinated (personal herd management choice, but vaccination is recommended). Older kids, 3+ weeks, may be vaccinated for CD/T only.
