2023 Breeding List ~ Kid Reservations

Our Farm Practices...

25+ years of raising goats. From Angora, Boer, Pygmy, and Dairy! Dairy goats became our focus after starting the first Grade A Raw Milk dairy in Idaho in 2010. We currently raise 5 standard dairy breeds, all registered with ADGA or BGS (Guernseys). Breeding for sound, show quality stock, with long, level lactations and good components. Polled genetics can also be found in several of the breeds. Not on DHI at this time but barn records track each doe's average milk production, and does may be entered in the One Day Milk Test at our State Fair to earn *M awards. The herd is clean for all diseases with individuals periodically tested for CAE/CL/Johne's/TB/Brucellosis. Kids are raised on a strict disease prevention program - away from all adults and fed only pasteurized milk/replacer - to ensure healthy replacements. The herd is raised as natural as possible. We feed farm grown or local sourced non-GMO alfalfa and alfalfa/oat hay, minimal grain which is mixed right on the farm using only non-GMO ingredients, and our own custom mineral/vitamin mix for optimal health. Few vaccinations are given - antibiotics are rarely needed.

Thanks for your interest in our farm & please contact us with any questions!

Treasured Sunrise Acres - Reservation Terms for Breeding Buck/Doe Kids

Please read before reserving or requesting kids

- \$50 deposit to reserve a doeling or buckling. Up to 2 bucks/2 does may be reserved per doe. Guernseys are by first deposit in, first pick of all kids. Deposits are non-refundable unless your requested kid is not born or has a defect/deformity. By placing a deposit the buyer is agreeing to all terms stated here.
- Deposits may be paid with PayPal (as family/friends only), check, money order, or cash. Please do not mail cash or a money order, we can not be responsible for a deposit that does not reach us. Remaining balance must be paid in cash or via PayPal (immediate deposit only) when kid is picked up.
- Reserved kid(s) must be picked up within 10 days of birth or deposit will be forfeited and kid will be put up for sale or kept. If you need us to hold kid(s) past 10 days, the kid(s) must be paid for in full with a final pick-up date stated, and a \$1/day board per kid will be charged starting at birth (due at pickup). All sales are final. Kids not picked up by date stated will become the property of the seller, and all monies lost.
- All kids are pulled immediately upon birth for disease prevention. Each kid will receive 16oz heat-treated goat colostrum. Pasteurized goat milk, or a mix of goat milk and kid replacer, is fed free choice in lambers.
- Kids are disbudded (and bucks descended) by 5-7 days, let us know if you want horns left on! Tattooing is the responsibility of the buyer (unless shipped). Welcome to bring kids back at 2-3 months for tattooing.
- Health tests, health papers, and shipping arrangements are the responsibility of the buyer, along with all costs involved. We do prefer having kids picked up directly from the farm by the buyer when possible.
- ADGA registered kids are sold with a registration application or registered online, all fees to be paid by buyer. BGS Guernsey kids are registered at time of sale and registration fees paid by seller.
- Kids that develop genetic defects (such as hermaphroditism) will be replaced (kid of same value) when we have another available (original kid must be under 2 years of age). A written statement from the buyer and a licensed vet stating findings is required, and registration papers must be returned.
- Our does are fed a balanced mineral mix resulting in stronger, healthier kids. Bo-Se (Selenium) is rarely needed at birth or given. Older kids, 3+ weeks, may be vaccinated for CD/T only.
