Parma, Idaho

****2026 Breeding List ~ Kid Reservations****

Our Farm Practices...

25+ years of raising goats. From Angora, Cashmere, Boer, Pygmy, and Dairy! Dairy goats became our focus after starting the first Grade A Raw Milk dairy in Idaho in 2010. We currently raise 4 standard dairy breeds, registered with ADGA, with Guernseys dual registered with ADGA and BGS. Breeding for sound, show quality stock with correct breed characteristics, and long, level lactations having good components. We do participate in Linear Appraisal every couple years to watch the herd's progress. Not on DHI at this time but barn records track each doe's average milk production, and does have been entered in the One Day Milk Test at our State Fair to earn *M awards. The herd is clean for all diseases with individuals periodically tested for CAE/CL/Johne's/TB/Brucellosis. Kids are raised on a strict disease prevention program - away from all adults and fed only pasteurized milk/replacer - to ensure healthy replacements. The herd is raised as natural as possible. We feed farm grown or local sourced non-GMO alfalfa and grass hay, minimal grain which is mixed right on the farm using only non-GMO ingredients, and our own custom mineral/vitamin mix for optimal health. Few vaccinations are given - antibiotics are rarely needed.

Thanks for your interest in our farm & please contact us with any questions!

Treasured Sunrise Acres - Reservation Terms for Breeding Buck/Doe Kids

Please read before reserving or requesting kids

- \$50 deposit to reserve a doeling or buckling. 2 bucks/2 does may be reserved per doe. 2nd choices may be added. Deposits are non-refundable if canceled, but will be refunded or moved to another kid if your requested kid is not born or has a defect. By placing a deposit the buyer is agreeing to all terms stated here.
- Deposits may be paid with PayPal (as family/friends only), check, money order, or cash. Please do not mail cash or a money order; we can not be responsible for a deposit that does not reach us. Remaining balance must be paid in cash or via PayPal (immediate deposit only) when kid is picked up.
- Once notified of a kid's birth and availability, buyer has 2 days to confirm they still wish to purchase the kid, or deposit will be forfeited and kid will be put up for sale or retained. Reserved kids needing to be held past a couple weeks must be paid for in full with a pick-up date stated, and a \$1/day care fee per kid will be charged starting at birth (due at pickup). All sales are final. Kids not picked up by date stated, or an agreed on extended date, will become the property of the seller, and all monies lost.
- ADGA registered kids are sold with a registration application or registered/transferred online, all fees to be paid by buyer. BGS Guernsey kids are registered at time of sale and registration fees paid by seller.
- Buck kids are DNA typed after registration is completed. Fees paid by seller if registered by 1 year of age.
- All kids are pulled immediately upon birth for disease prevention. Each kid will receive 16oz heat-treated goat colostrum. Pasteurized goat milk, or a mix of goat milk and kid replacer, is fed free choice in lambers.
- Kids are disbudded (and bucks descended) by 3-10 days of age depending on breed - let us know if you want horns left on! Tattooing is the responsibility of the buyer (unless shipped) for any kids picked up less than a few weeks old. Welcome to bring kids back between 1-6 months of age for free tattooing.
- Shipping arrangements are the sole responsibility of the buyer, along with all costs involved such as CVI, testing, etc. We do prefer having kids picked up directly from the farm by the buyer when possible.
- Kids that develop genetic defects (such as hermaphroditism) will be replaced (kid of same value) when we have another available (original kid must be under 2 years of age). A written statement from the buyer and a licensed vet stating findings is required, and registration papers must be returned.
- Our does are fed a balanced mineral mix resulting in stronger, healthier kids. Bo-Se (Selenium) is rarely needed at birth or given. Older kids, 3+ weeks, may be vaccinated with CD/T only.
