2027 Breeding List ~ Kid Reservations

Our Farm Practices...

25+ years of raising goats. From Angora, Cashmere, Boer, Pygmy, and Dairy! Dairy goats became our focus after starting the first Grade A Raw Milk dairy in Idaho in 2010. We currently raise 4 standard dairy breeds, registered with ADGA, with Guernseys dual registered with ADGA and BGS. Breeding for sound, show quality stock with correct breed characteristics, and long, level lactations. We do participate in Linear Appraisal every couple years, or as offered in our area, to watch the herds progress. Not on DHI at this time, and **does are not fed or pushed for top production, but barn records track each doe's average milk production and can be found on their pages.** The herd is disease free, with individuals tested as needed for CAE/CL/Johne's/TB/Brucellosis. **Kids are raised on a strict disease prevention program; pulled immediately at birth, raised away from all adults, and fed only pasteurized milk/replacer.** The herd is managed as natural as possible. We feed farm grown or local sourced non-gmo alfalfa and grass hay, along with small amounts of grain which is mixed right on the farm using only non-gmo ingredients, and our own custom mineral/vitamin mix for optimal health. Few vaccinations are given - CD/T only to kids - antibiotics are rarely needed but are not withheld when an animal is ill.

Thanks for your interest in our farm & please contact us with any questions!

Treasured Sunrise Acres - Reservation Terms for Breeding Buck/Doe Kids

Please read before reserving or requesting kids

- \$50 deposit to reserve a doeling or buckling. 2 bucks/2 does may be reserved per doe. 2nd choice may be noted if wished. Deposits are non-refundable if canceled, but will be refunded or moved to another kid if your requested kid is not born or has a defect.
- Deposits may be paid with Venmo, PayPal (as family/friends only), check, money order, or cash. Remaining balance to be paid in cash, Venmo, or PayPal (immediate deposit only), when kid is picked up.
- **Once notified of a kid's birth and availability, buyer has 2 days to confirm they wish to purchase the kid, or deposit will be forfeited and kid will be put up for sale or retained.** Reserved kids needing to be held past a couple weeks must be paid for in full, and kid must be picked up/shipped before 6 weeks of age. A \$2/day care fee per kid will be added for kids not picked up by 3 weeks of age. All sales are final. Kids not picked up by 6 weeks, or an agreed on extended date, will become the property of the seller, and all monies lost.
- ADGA registered kids are sold with a registration application or registered/transferred online, all fees to be paid by buyer. BGS Guernsey kids are registered at time of sale and registration fees paid by seller.
- Buck kids are DNA typed after registration is completed. Fees paid by seller if registered by 1 year of age.
- All kids are pulled immediately upon birth for disease prevention. Each kid will receive 16oz heat-treated goat colostrum. Pasteurized goat milk, or a mix of goat milk and kid replacer, is fed free choice in lambers.
- Kids are disbudded (and bucks descended) by 3-10 days of age depending on breed - let us know if you want horns left on! Kids are tattooed when all possible. Microchips may also be placed in kids for a fee.
- Shipping arrangements are the sole responsibility of the buyer, along with all costs involved such as CVI, testing, etc. We do prefer having kids picked up directly from the farm by the buyer when possible.
- Kids that develop genetic defects (such as hermaphroditism) will be replaced (kid of same value) when we have another available (original kid must be under 2 years of age). A written statement from the buyer and a licensed vet stating findings is required, and registration papers must be returned.
- Our does are fed a balanced mineral mix resulting in stronger, healthier kids. Bo-Se (Selenium) is rarely needed at birth or given. Older kids, 3+ weeks, may be vaccinated with CD/T only.
