Updated 2/4/2020
Combining our very best doe and proven sire, Hannibal is a buckling we are beyond excited about! He will be used heavily this fall.
GoldPlunder is a son of our beautiful Plymouth! We look forward to bringing Plymouth back into the herd through this lovely son, and keeping the true Guernsey breed type strong.

GoldPlunder was collected and is available at a reduced price as motility is less than wished.

Elegance - 3rd lact. - 4 mo. - 8.9 lbs 3.6% BF

Moe is another great looking Copper son, and half brother to our beautiful old buck Plymouth. His daughters are showing increased rear udder height and overall attachments with high milk yields. Strong feet and beautiful bodies.

Nice body and udder on this doe. Precocious milker as a pregnant yearling, FoolsGold ended up with mastitis on her first freshening. 2nd kidding she came into milk great.

Bred with a quality buck FoolsGold is producing daughters better then herself.
