

## 14% Dairy Ration

Our personal dairy ration made on the farm using all non-GMO ingredients! Balanced for optimal production, performance, and health!

### Guaranteed Analysis

Crude Protein (min.)	14.0%
Crude Fat (min.)	4.0%
Crude Fiber (max.)	8.0%

### Ingredients

Rolled Barley, Whole Oats, Cracked Peas, Ground Flax Seed, Cane Molasses, Sodium Bicarbonate

- Approved by a Nutritionist - this ration is a registered feed product for dairy animals as a supplement to high quality alfalfa hay.
- All non-GMO ingredients.
- No processed grains/grain byproducts.
- Flax is the richest sources of plant-based omega-3 fatty acids.
- Contains Natural Sodium Bicarbonate for rumen health and high butterfat yields.
- No minerals added - safe for all livestock. For our personal herd we top dress the lactating doe's grain ration with our goat mineral at the rate of 0.3-0.5oz daily.
- High in fat, this dairy ration is excellent for keeping weight on heavy producing animals or hard keepers.
- This grain does not contain antibiotics, or Ammonium Chloride...(we do not feed to our bucks or wethers).

**\$16/50 pound bags**  
Made on order only for freshness!

**Dear Debra,**

**This document is to certify that I have personally examined the Treasured Sunrise Acres proprietary dairy goat grain mix and found it to be an amalgam of acceptable feedstuffs commonly used in the production of dairy ruminant rations. Further, I have taken a random sample of the grain mix and submitted it to an independent laboratory for analysis. Test results indicate that this grain mix is a high net energy feed with above average levels of crude fat and phosphorus, and normal levels of crude protein and acid detergent fiber. In my opinion, this is an excellent quality grain mix for milking dairy goats, and in conjunction with good quality alfalfa supplies adequate levels of energy, protein and other essential nutrients necessary to sustain lactation and maintain body condition.**

**Sincerely,**

**Kevin Stott**
